

EASTVILLE PARK

Can you find the lake?

ANAGRAMS

AT THE LAKE

Can you make sense of these jumbled words?

Lowlier wet

.....

A canoeing soda

.....

Bank perch

.....

Teak ore

.....

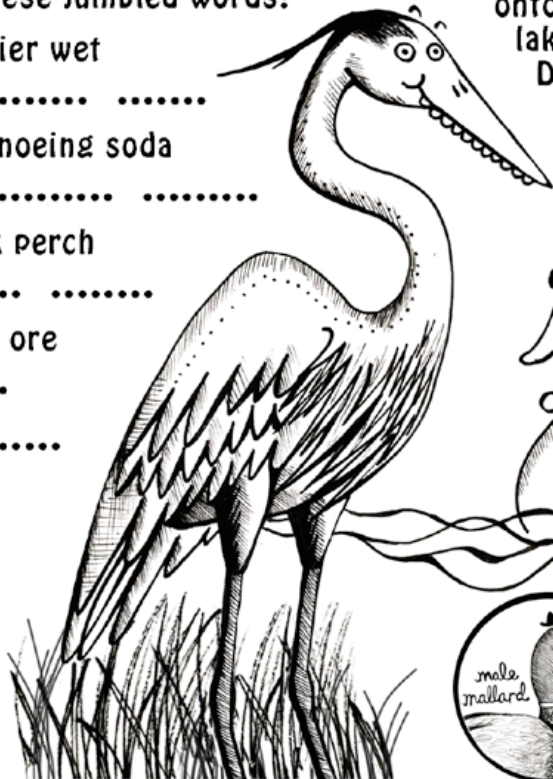

.....

Can you mark of things you see onto this birds-eye view of the lake? Where are the benches? Did you see a fish? Where is there a willow tree? Any lily pads? Mark it on the map!

The lake at Eastville Park is buzzing with wildlife. There are many species of plants and animals. Do you know any of them?

On the water there are many birds, can you see any Herons? Swans? Canadian Geese? Moorhens? Mallards? If so, how many?

On your way to the lake there are some big, long steps... how many steps can you stretch your legs across?

What colour is a male mallard's head? Do you know what a female looks like? Can you see one?

Can you see a moorhen? They've got black feathers and a bright orange beak with a yellow tip!
